Dear Friend:

I am writing first of all to enclose this check. Mr Manley said you were not at the game. Maybe that is why we got beat so badly. I cannot understand the team. They are playing the best looking ball at home, and looking like 10cents on the road. They went to Mass. this week, and won all the games, so maybe they will snap out of it now.

Now I want to tell you at this time, we are coming back to Trenton Friday August 4th and will be playing The Cubans. You may have received the cards by now. I want to offer you a proposition, and see if you are interested. I believe Trenton should be better than it has been. One year we were doing pretty good there. Well The Cubans are one of the best attractions, and this should be a good one to experiment with. I want to offer you 5% of the net, to do extra work. That is spend extra time talking up the game, and do anything you can think of to help get the folks out. I will still pay for the placards, but if you have throwaways or anything made I will expect you to pay for them. 5% of the net means after the park rent 20%, Lights \$40.00, park help, umpires, balls, and placards, you would get 5% of the rest. If the crowd is any good this will amount to something worth while. If you would rather not be bothered, I will understand. Everyone has more work to do now-a-days, and none of us are looking for extra work particularly. I just feel we could get more people out in Trenton with a little extra work, due to the fact we used to draw bigger crowds. Maybe there were more people around then.

Please let me have a line from you, saying you received this check, and what you think of the proposition. I hope you are feeling well.

Very Truly Yours

Please get the cards out as soon as possible, as the game is only two weeks off.
